

*A message from the Ministry of Agriculture Food and Fisheries..*

## **HAZARDOUS MATERIALS REMOVAL DISPOSAL IN ABBOTSFORD ONLY**

As you return to your farm, it is important that all necessary precautions are taken to ensure the health and safety of you, your family and your staff. Do not attempt to relocate hazardous material such plant protection products (pesticides, fungicides, herbicides), fertilizers and hydrocarbons (gasoline, diesel, heating oil, propane, etc.) if you believe they have been compromised due to the floods.

Please call the **Ministry's Abbotsford Agricultural Flood Response Line at 604-262-7640** and they will connect you with a hazardous materials disposal company for safe removal and disposal.
